FREESTANDING WOODBURNERS

With their powerful heat output, good looks and robust design, a freestanding Woodburner is a perfect addition to a room. They are quick to install, add value to your property and can lower your power bill. With our range of innovative and original designs, you are spoilt for choice.

Studio STOVE

The iconic design by renowned New Zealand industrial designer Peter Haythornthwaite makes this Woodburner an eye-catching feature. This versatile woodburner has a cooktop, wetback and ample wood storage space underneath the firebox. With its stunning and unique design, your Studio will stand the test of time.

Studio OVEN

The Studio Oven, endorsed by Peter Haythornthwaite, has an integrated oven with thermostat. The perfect companion in your city home, coastal bach or cabin in the bush. It is ideal for cooking pizzas, roasts and bread combined with a powerful heat source.

- Suitable for small to medium size homes
- Heating an area of approximately 80-150m²
- 5mm cooktop to fit a 250mm frying pan/pot/kettle
- Integrated oven
- Includes two stainless steel oven shelves
- Optional wetback
- Available in black (colours on special request)

DIMENSIONS:

W436 x D509 x H820

OVEN SIZE:

W250 x D310 x H250

Studio COMPACT

The Studio Compact is our smallest Woodburner. It is based on the timeless design of the Studio Woodburner, but with its reduced dimensions, it is ideal for tiny homes, cabins and mobile homes. Save on space without compromising on a real wood fire's luxury and visual appeal.

Brew a pot of coffee while reading a good book, cook your favourite meal on the 5mm steel cooktop and use the wetback to heat your water, all while lowering that dreaded power bill. Being self-sufficient and living off the grid has never been easier.

- Suitable for tiny to small size homes
- Heating an area of up to 100m²
- 5mm cooktop to fit a 200mm frying pan/pot/kettle
- Optional wetback
- Available in 3 model options

DIMENSIONS:
W303 x D414 x H875

PEDESTAL ●

The Pedestal was designed for a minimal footprint and is ideal if you have limited space. It is slim, space-saving, and has a minimalist look. This is a good choice if you have wood storage space in a separate container or outside.

LOG BOX ●

The Log Box's design is similar to our Studio Stove, but with reduced dimensions, offering valuable space underneath the firebox to store your firewood and kindling.

WALL-MOUNT ●

The Wall-Mount model is expertly engineered to be mounted on a wall maximizing floor space and creating a clutter-free look. Choose from a straight or corner wall-mount option and make the most of your available floor space.

Southern Series LEWIS, LINDIS & MCKENZIE

Rural Clean Air

The Southern Series fires were designed for the cold conditions of New Zealand and named after the Lewis Pass, Lindis Pass, and the McKenzie Basin. It creates a great atmosphere in any home. It is rugged, robust, reliable, and available in three different sizes, with large cooking surfaces and ample wood storage space. Three sizes options, starting with the small Lewis, the mid-size Lindis, and the large McKenzie. All three are clean air approved and have a versatile cooktop and optional wetback.

- Clean air approved
- Suitable for medium to large size homes
- Heating an area of approximately 100-200m²
- 6mm cooktop to fit 2 x 250mm pans/pots and 2 x 200mm pans/pots
- Optional wetback (3 configurations for output requirements)

DIMENSIONS:

Lewis W580 x D580 x H860

Lindis W660 x D580 x H860

McKenzie W660 x D680 x H860

Southern Series CARDRONA COOKER

Rural

The Cardrona Cooker is designed to be the ultimate companion, and you will love its functionality, good looks and sheer presence. It was named after the scenic Cardrona Valley. It has a large cooktop, a spectacular built-in oven with two stainless steel racks, a thermostat and an optional wetback. Its powerful heat output and practicality make it fantastic for larger rural homes and cottages.

- Suitable for medium to large size homes
- Heating an area of approximately 150-180m²
- 8mm cooktop to fit 2 x 250mm pans/pots and 2 x 200mm pans/pots
- Integrated oven
- Optional wetback
- Includes two stainless steel oven shelves

DIMENSIONS:

W660 x D642 x H915

OVEN SIZE:

W430 x D380 x H240

• Studio OOH-AH

Rural

The Studio Ooh-Ah, designed by influential industrial designer Peter Haythornthwaite, creates a cheerful presence at all times. With its quirky round shape and geometrical details, this woodburner will steal the show in your interior. It has a large round cooktop with enough space for pots and a kettle and with ample woodstorage underneath.

- Quirky and unique design
- Suitable for small to medium size homes
- Heating an area of approximately 80-150m²
- 5mm cooktop to fit 2 x 250mm pans/pots and 1 x 200mm pan/pot
- Optional wetback

DIMENSIONS:
W386 x D418 x H825

TASMAN

Rural

Clean Air

The Tasman is robust, affordable and durable, with a unique design to offer a full view of the fire and more direct heating. It is perfect as a focal point and ideal for sustainable living. It has a large heat output and ample cooktop space.

- Clean air approved
- Suitable for medium to larger homes
- Heating an area of approximately 150-190m²
- 6mm cooktop to fit 2 x 250mm pans/pots and 2 x 200mm pans/pots
- Optional wetback

DIMENSIONS:
W650 x D555 x H675

ACCESSORIES

A collection of rustic home decor items arranged on a wooden surface against a light-colored wall. On the left is a large, round, light-brown wicker basket with two handles. Next to it is a black metal log rack holding several pieces of firewood. In the center is a small, black metal fan with four blades. To the right of the fan is a black metal holder with three wooden pegs. Further right is a burlap bag with white handles, filled with pinecones and other natural elements. In the foreground, there are two metal pans, one of which is a small, round, black metal pan.
